Most self-help groups are located in India, though SHGs can also be found in other countries, especially in South Asia and Southeast Asia.

Members make small regular savings contributions over a few months until there is enough capital in the group to begin lending. Funds may then be lent back to the members or to others in the village for any purpose. In India, many SHG's are 'linked' to banks for the delivery of micro-credit.

self-help group may be registered or unregistered. It typically comprises a group of micro entrepreneurs having homogeneous social and economic backgrounds, all voluntarily coming together to save regular small sums of money, mutually agreeing to contribute to a common fund and to meet their emergency needs on the basis of mutual help

5. Pradhan Mantri Jan Dhan Yojana

The government rolled out its ambitious financial inclusion programme, the Pradhan Mantri Jan Dhan Yojana (PMJDY)

The programme is Prime Minister Narendra Modi's first blockbuster social upliftment scheme and is aimed at improving the lives of millions of India's poor by bringing them into the financial mainstream and freeing them from the clutches of usurious moneylenders, while giving them a modicum of insurance cover.

Modi shortened the time for achieving the 7.5 crore new accounts to five months from six, urging the finance ministry to complete the task by January 26.

Each account with life insurance cover of Rs 30,000, adding to the Rs 1 lakh accidental insurance benefit already available under the account that will come bundled with a Ru-Pay-enabled debit card.

After six months of satisfactory operations, the account would be eligible for Rs 5,000 overdraft facility, designed to take the poor out of the clutches of moneylenders. Subsequently, these accounts will be also used for providing micro pensions.

Key facts

The slogan for the Pradhanmantri Jan Dhan mission is expected to be "Mera Khata – Bhagya Vidhaata" which when translated into English means "My Bank Account – The Creator of the Good Fortune":

The primary aim of the Jan Dhan Yojana is to bring poor financially excluded people into the banking system by providing them bank accounts and debit cards.

The scheme will cover both urban and rural areas of India and all bank accounts opened will be linked to a debit card which would be issued under the Ru-Pay scheme. (RuPay is India's own unique domestic card network owned by National Payments Corporation of India and has been created as an alternative to Visa and Mastercard.)

Every individual who opens a bank account becomes eligible to receive an accident insurance cover of up-to Rs 1 Lakh for his entire family.

The Pradhan Mantri Jan Dhan Yojana has set an ambitious target of bringing in more than 7.5 crore un-banked families into India's banking system by opening more than 15 Crore bank accounts at the rate of two bank accounts per household.

Once the bank account has been active for 6 months and has been linked to account holders

Aadhar identity , they would become eligible for an overdraft of up to Rs 2,500 , which would further be enhanced by the bank to Rs 5000 over time.
